Little Chrissie Kringle's Holiday Dot-To-Dot!

Little Chrissie has a fun holiday activity just for you! If you can count to 988 (and you KNOW Chrissie can!), then you can do this drawing challenge. Do you see the arrow pointing to Dot Number One? Good! You're ready to start!

After every 100 dots, look for the nearest "1", and that's where you'll continue. And, since things got really confusing – even for our artist, who is seeing spots – each set of 100 dots is in a different color.

What a fun holiday treat! Thanks, Chrissie!!
